Repair and Maintain Your Facilities, Fleet and Equipment with
Products that Do It Right The First Time!

We Eliminate Downtime, Save Time and Money and Extend Service Life

The Maintenance Connection
34 Hutcherson Drive, Gorham, ME 04038 • (888) 298-8585 • www.TheMaintenanceConnection.com

060109 060609-01
Typical Maintenance Shop Problems with MRO Consumables

- Time loss and equipment downtime due to searching for parts
- Ineffective and/or improper repairs due to poor quality parts and supplies
- Inefficient inventory management and stock procurement
- Disorganized inventories of parts, bins, storage equipment and labeling

TMC’s “Maintenance Pro System” – The Problem Solver

- Start with superior quality products
- Implement highly trained VMI sales technicians to setup and maintain inventory systems
- Provide fast, efficient order processing and speedy delivery
- Experience significant time and cost savings...virtually eliminating downtime

Featuring

- Flexible storage equipment allows customization of systems from the smallest to the largest facilities
- Comprehensive labeling systems assure immediate identification of product location
- On-site computer order entry allows for real-time order processing
- Technical support and product and safety training assures proper use and application of products
- Many other value-added services that reduce actual procurement costs
- Product liability coverage for that extra edge in protection
- 100% satisfaction guarantee assures ultimate confidence in products and programs

AVAILABLE

30,000+ SKU’s reduce multiple vendor procurement efforts and costs.

FAST DELIVERY

High fill rate within 24 hours assures fast, complete delivery of orders.

INVENTORY MANAGEMENT

Efficient VMI (Vendor Managed Inventory) programs by skilled field technicians assures on-site product availability and lower inventory carrying costs.

BINS AND STORAGE EQUIPMENT

Custom tailored to meet your needs...labeled for instant identification.
